Project Overview:

- The project concerns the development of a 5 * Apartment Hotel establishment named "Quinta da Comporta", located within Herdade da Comporta, Vila do Carvalhal, in Grândola municipality.
- The name of the Hotel is inspired by the local existence of many stork nests, and the intention is to simulate small ecosystems, namely marshes, for the storks to nest in and obtain nourishment.
- It is intended to be an Eco-Hotel comprised by 65 accommodation units (22 double rooms, 3 T0 Junior Suites, 2 T1's Rooftop, 2 Rooftop Junior Suites, 16 T2's Duplex, 4 T3 Pool Villas, meeting room, home cinema, store, restaurant, Bar, SPA (hairdresser, wet room, two small swimming pools, one covered for the practice of aqua gym with bicycles and the other outdoors, solarium, 4 massage rooms, yoga room, pilates, gym) and a meditation building. The T5 have their own private pool.
- Outside there is a chapel and a swimming pool, water mirror, patio and garden spaces will be built.
- Part of the buildings will represent the typical architecture lines from the region, with painted wood lined materials and thatched roofs.
